

Listen for Mind's direction when wondering what to do

If you're ever wondering what to do next, listen for God's direction.

The one all-knowing, all-wise Mind knows what direction to take you for the best results.

The human mind often thinks it knows best and tries to figure out a plan through material reasoning and human logic. But these efforts often become futile and lead to dead ends. The human mind has a very limited sense of possibility and shortsighted view of what is possible.

The divine Mind, however, has an infinite view. It knows no limits, no boundaries, and no lack in its line of reasoning. It can take you amazing places when you are willing to listen and follow.

Moses learned this truth when he led the children of Israel out of Egypt. It was a herculean task, involving over a quarter of a million people. And they had no cell phones! But Moses listened for God's direction each step of the way, and always found a solution to any problem he faced. You can too!

Mind knows what to do. Mind knows where to go next. Mind knows the best way to get there. Listen for Mind's direction. Follow where the inner voice of wisdom takes you. You will end up in a better place than human reason will ever find.

God always knows best.
