For ALEH's kids, a safe and stimulating summer begins with YOU...

YOU can give our ALEH kids a rich summer experience!

As we continue to shield our immunocompromised residents with severe disabilities from COVID-19, our usual summer programming will have a new look and take on an added level of urgency.

For our kids, summer programming isn't just about fun – it's also a critical framework for ongoing special education and individualized growth and

development.

With YOUR HELP, we can still provide them with wonderful opportunities for educational enrichment and stimulating summer fun in a safe and secure environment, including:

On-site Water Fun with small pools and sensory games

Beach Simulations complete with sand, water, sea shells and ice cream

Virtual Reality Games that encourage movement and communication

Indoor Carnivals, Petting Zoos and Magic Shows

Music therapy, Creative Arts and Puppet Therapy

And so much more!

YOUR SUPPORT will also help us maintain our sterile environment by ensuring the constant sanitization of all facilities and providing our staff and volunteers with personal protective

equipment and private transportation.

A safe, stimulating and joyful summer for our amazing ALEH kids begins with YOU!
