## Important Information and Pesakim

We are offering full Pesach Yomtov meals for a family of 5 (10 Yomtov Meals x 5 people) for \$349 for an entire package. We also offer Pesach wines and grape juice for \$37. We continue to sell our box of Pesach kitchen-wares for \$199. For more information or to order click above.

The Yom Tov meals are under the KCL Hashgacha and non-gebrokts.

Payment by credit card only. Prices are subsidized – please use this only if you need it and not for any stockpiling. Nothing in our boxes require Tevillas Keilim, (town Keilim Mikvah is closed). The Poskim's guidance covers Tevillas Keilim in general and our boxes in particular.

Orders are non-refundable. No item can be exchanged or returned. You can only buy a complete box, you cannot choose to order some items and skip others. If there are items you don't want, feel free to share it with a neighbor (following social distancing rules).

We are making every effort to secure adequate supply but can make no guarantee and are doing our best. If we run out of supply we will post that on this website. We continue to work on supplies so we might run out and hold sales and then restart - all notices will be posted on this website. If our website accepts your order that means your order is confirmed and that you will have your order.
