# WELCOME TO THE DAY CAMP @ THE JCC

**Day Camp @ the JCC is a place for exploration and opportunity;** a place to try new things and to enjoy favorites with friends. We create an environment where campers feel safe to stretch, and continue to grow in the areas they love most. Day Camp @ the JCC focuses on age-appropriate developmental skills, with new specialty options added each year to meet campers growing needs. Our camps focus on three primary values: building community, gratitude and wonder, and personal growth and development. Day Camp @ the JCC serves children ages **3-6 years old.**

We look forward to welcoming your child to our camp community!
